FAQ

CONTACT US

With over 20 years experience The Gilmore Groin & Hernia Clinic offers rapid and reliable repair, routinely back to elite sport within 4 weeks and semi pro/amateur in 6-8 weeks.

**"A fantastic service, we
have never had a failure."**

**PFA chief executive Gordon
Taylor**

End of season offers designed specifically for players without medical insurance

Single sided groin repair for £2,500 (normally £3,250)

- to include initial and post operative consultation, surgeon, anaesthetist and hospital including overnight stay.

Bilateral groin repair for £3,500 (normally £4,500)

- to include initial and post operative consultation, surgeon, anaesthetist and hospital including overnight stay.

Initial consultation will be billed at £250 and deducted from the package when the operation is booked. It does not include imaging (MRI/Ultrasound) as these are not always required.
